

**Form to be Forwarded to the County of Hastings Planning Department
for Approval of an Official Plan Amendment**

Note to Applicants

Please consult with the staff of the local Municipality and County Planning Department.

Instructions

Become familiar with the Provincial Policy Statement before completing this form and submitting the application.

Table 1 (Significant Features Checklist) is intended to assist the municipality or planning board to determine whether significant provincial features or circumstances may be affected by a plan amendment which proposes to change the use of a specific site. It describes potential information needs.

Besides specified information prescribed by Regulation the Planning Department needs:

- 3 copies of this completed form
- 3 certified copies of the proposed official plan or amendment
- 5 working copies of the proposed official plan or amendment
- 5 copies of any accompanying information/reports

Consultation with County of Hastings Planning Department

The Planning Act requires Applicants to consult with the local Municipality and approved authority during the preparation of an official plan amendment prior to adoption. The County of Hastings Planning Department will provide a co-ordinated provincial response on behalf of Provincial and Federal Ministries.

For Help

You can contact the Planning Department of the County of Hastings as listed below:

Telephone

1. Contact Information

Landowner Lou Freymond	Telephone No. 613-332-3020	Fax No. 613-332-5554
Name of Agent or Contact Person Kent Randall, EcoVue Consulting Services Inc.	Telephone No. 705-652-8340	Fax No. 705-652-1607

2. Location of Subject Lands

If this amendment proposes to change an official plan policy related to a specific **site**, or proposes to change the approved official plan land use designation of a **site**, please complete applicable portions of the following.

Concession Number(s) W.H.R	Lot Number(s) Part of 51 & 52	Registered Plan No.	Lot(s), Block(s)
Reference Plan No.	Parcel No.	Part(s)	Name of Street/Road
Section or Mining Location No.	Township/Former Township Faraday	Approximate Area of the Subject Lands 96 ha.	

4. Status of Other Applications Under the Planning Act

4.1 Are there any other applications under the **Planning Act**, including applications before the Ontario Municipal Board, for approval of an official plan amendment, a zoning by-law amendment, Minister's zoning order amendment, a minor variance, a plan of subdivision, a consent or a site plan that includes land:

a) that is the subject land Yes (if known, complete below) No Unknown

Type of Application and File No.

Legal description of the land that is the subject of the application

Purpose of the application and the effect on the proposed official plan or official plan amendment

Current status of the application (e.g. in process, appealed)

b) that is within 120 metres of the subject land Yes (if known, complete below) No Unknown

Municipality Type of Application and File No.

Legal description of the land that is the subject of the application

Purpose of the application and the effect on the proposed official plan or official plan amendment

Current status of the application (e.g. in process, appealed)

5. Type of Planning Document

Describe the type of planning document.

- 5.1 a) Does the planning document only clarify wording or correct mistakes? Yes
- b) Does the planning document propose to only modify in a minor way current official plan policy **without** redesignating areas of the municipality or the planning area? Yes

If Yes to any of the above, proceed to Section 9.

- c) Does this plan amendment propose a re-designation of a parcel of land? Yes
If Yes, proceed to Section 5.2.

5.2 If this is an official plan amendment that is a site specific re-designation of a parcel of land:

- a) What is (are) the current designation(s) of the subject land in the Official Plan? Rural
- b) What land uses are permitted by the current designation on the subject land in the Official Plan? Agricultural Operations, Home Occupations, Home Industries, Passive Open Space, Community Facilities, etc.
- c) What land uses will be permitted by the proposed designation(s) on the subject land? Extractive - Pit and quarry

6. SERVICING - To be completed for proposed plan amendments described in Sections 5.2

6.1 Indicate in a) and b) the proposed servicing type for the subject land. Select the appropriate servicing type from Appendix A found at the end of this form. Attach and provide the name of the servicing information/reports as indicated in Appendix A.

- a) Indicate the proposed sewage disposal system _____
- b) Indicate the proposed water supply system N/A
- c) Name of servicing information/report _____
 Attached Not Attached (If not attached, where can it be found?) _____

6.2 Indicate in a), b) and c) the proposed access and storm drainage for the subject land. Select the appropriate type from Appendix B found at the end of this form. Attach and provide the name of any servicing information as indicated in Appendix B.

- a) Indicate the proposed road access. Municipal - Bay Lake Road
- b) Is water access proposed? Yes No. If Yes, attach a description of the parking and docking facilities to be used and the approximate distance of these facilities from the subject land and the nearest public road. Attached
- c) Indicate the proposed storm drainage system. N/A (Shown in site plans)
- d) Is the preliminary stormwater management report attached? Yes No. If not attached as a separate report, where can it be found? N/A

6.3 Is the proposed plan amendment consistent with the recommendations of the watershed plan, if any?

- Yes No Not applicable

6.4 Does the proposed plan amendment conform to the master drainage, sub-watershed or shoreline management plan, if any?

- Yes No Not applicable
-

7. CURRENT and PREVIOUS USE OF THE SUBJECT LAND - To be completed for proposed plan amendments described in Sections 5.2.

7.1 What is the current and previous use of the subject land?

Current use(s): Vacant (area of property to be licensed for extraction)

All previous known uses: N/A

7.2 Has there been an industrial or commercial use on the subject land or land adjacent to the subject land? Yes No

If yes, specify the use Lumber Yard

7.3 Has the grading of the subject land been changed by adding earth or other material? Yes No Unknown

7.4 Has a gas station been located on the subject land or land adjacent to the subject land at any time?

Yes No Unknown

7.5 Has there been petroleum or other fuel stored on the subject land or land adjacent to the subject land?

Yes No Unknown

7.6 Is there reason to believe the subject land may have been contaminated by former uses on the site or adjacent sites?

Yes No

7.7 What information did you use to determine the answers to the above questions?

Land owner's knowledge

7.8 If YES to 7.2, 7.3, 7.4, 7.5, or 7.6, a previous use inventory is needed, showing all former uses of the subject land, or if appropriate, the adjacent land.

N/A

Is the previous use inventory attached? Yes No. If no, where can it be found? _____

8. Provincial Policy

8.1 Table 1 below lists the features or development circumstances of interest to the Ministry. Complete Table 1 and be advised of the potential information requirements in noted sections.

Table 1 - Significant Features Checklist

Features or Development Circumstances	(a) If a feature, is it on site or within 500 metres OR (b) If a development circumstance, does it apply?		If a feature, specify distance in metres	Potential Information Needs
	YES ()	NO ()		
Non-farm development near designated urban areas or rural settlement areas	x			Demonstrate sufficient need within 20-year projections and that proposed development will not hinder efficient expansion of urban areas or rural settlement areas.
Class 1 Industry ¹		x	_____ metres	Assess development for residential and other sensitive uses within 70 metres.
Class 2 Industry ²		x	_____ metres	Assess development for residential and other sensitive uses within 300 metres.
Class 3 Industry ³ within 1000 metres		x	_____ metres	Assess development for residential and other sensitive uses within 1000 metres.
Land Fill Site		x	_____ metres	Address possible leachate, odour, vermin and other impacts.
Sewage Treatment Plant		x	_____ metres	Assess the need for a feasibility study for residential and other sensitive land uses.
Waste Stabilization pond		x	_____ metres	Assess the need for a feasibility study for residential and other sensitive land uses.
Active railway line		x	_____ metres	Evaluate impacts within 100 metres.
Controlled access highways or			_____ metres	Evaluate impacts within 100 metres.

Features or Development Circumstances	(a) If a feature, is it on site or within 500 metres OR (b) If a development circumstance, does it apply?		If a feature, specify distance in metres	Potential Information Needs
	YES ()	NO ()		
freeways, including designated future ones		x		
Operating mine site		x	_____ metres	Will development hinder continuation or expansion of operations?
Non-operating mine site within 1000 metres		x	_____ metres	Have potential impacts been addressed? Has mine been rehabilitated so there will be no adverse effects?
Airports where noise exposure forecast (NEF) or noise exposure projection (NEP) is 28 or greater		x		Demonstrate feasibility of development above 28 NEF for sensitive land uses. Above the 35 NEF/NEP contour, development of sensitive land uses is not permitted.
Electric transformer station		x	_____ metres	Determine possible impacts within 200 metres.
High voltage electric transmission line		x	_____ metres	Consult the appropriate electric power service.
Transportation and infrastructure corridors		x		Will the corridor be protected?
Prime agricultural land		x		Demonstrate need for use other than agricultural and indicate how impacts are to be mitigated.
Agricultural operations		x	_____ metres	Development to comply with the Minimum Distance Separation Formulae.
Mineral aggregate resource areas	x			Will development hinder access to the resource or the establishment of new resource operations? No
Mineral aggregate operations	x		_____ metres	Will development hinder continuation of extraction? No
Mineral and petroleum resource areas		x		Will development hinder access to the resource or the establishment of new resource operations?
Existing pits and quarries	x		_____ metres	Will development hinder continued operation or expansion? No
Significant wetlands		x	_____ metres	Demonstrate no negative impacts.
Significant portions of habitat of endangered and threatened species		x	_____ metres	Demonstrate no negative impacts.
Significant: fish habitat, woodlands southeast of the Canadian Shield, valleylands, areas of natural and scientific interest, wildlife habitat		x	_____ metres	Demonstrate no negative impacts.
Sensitive groundwater recharge areas, headwaters and aquifers		x		Demonstrate that groundwater recharge areas, headwaters and aquifers will be protected.
Significant built heritage resources and cultural heritage landscapes		x		Development should conserve significant built heritage resources and cultural heritage landscapes.
Significant archaeological resources		x		Assess development proposed in areas of medium and high potential for significant archaeological resources. These sources are to be studied and preserved, or where appropriate, removed, catalogued and analyzed prior to development.
Great Lakes - St. Lawrence River System		x		Within the regulatory shoreline assess the impact of development.
Erosion hazards		x		Determine feasibility within the 1:100 year erosion limits of ravines, river valleys and streams.
Floodplains		x		Where one-zone flood plain management is in effect, development is not permitted within the flood plain. Where two-zone flood plain management is in effect,

Features or Development Circumstances	(a) If a feature, is it on site or within 500 metres OR (b) If a development circumstance, does it apply?		If a feature, specify distance in metres	Potential Information Needs
	YES ()	NO ()		
				development is not permitted within the floodway. Where a Special Policy Area (SPA) is in effect, development must meet the official plan policies for the SPA.
Hazardous sites ⁴ and rehabilitated mine sites		x	_____ metres	For development on rehabilitated mine sites, an application for approval from the Ministry of Northern Development and Mines should be made concurrently.
Contaminated sites		x		Assess an inventory of previous uses in areas of possible soil contamination.

1. Class 1 industry - small scale, self-contained plant, no outside storage, low probability of fugitive emissions and daytime operations only.
2. Class 2 industry - medium scale processing and manufacturing with outdoor storage, periodic output of emissions, shift operations and daytime truck traffic.
3. Class 3 industry - indicate if within 1000 metres - processing and manufacturing with frequent and intense off-site impacts and a high probability of fugitive emissions.
4. Hazardous sites - property or lands that could be unsafe for development or alteration due to naturally occurring hazards. These hazards may include unstable soils (sensitive marine clays [lead], organic soils) or unstable bedrock (Karst topography).

8.2 Regard to the Provincial Policy Statement

For each feature or development circumstance of potential concern identified in Table 1, identify how regard was had to the Provincial Policy Statement. Explain below or attach on a separate page.

Please see Planning Report

8.3 For proposed plan amendments that include permanent housing (i.e. not seasonal) complete Table 2 - Housing Affordability. For each type of housing and unit size, complete the rest of the row. If lots are to be sold as vacant lots, indicate the lot frontage. Information should be based on the best information available at the time the official plan amendment was adopted. If additional space is needed, attach on a separate page.

Table 2 - Housing Affordability

For example: Semi-detached - 10 units; 1000 sq.ft./ 5.5 metres, \$119,900

Housing Type	# of Units	Unit Size (sq.ft) and/or Lot Frontage	Estimated Selling Price/Rent
Single Detached			
Link/Semi			
Row or Townhouse		N/A	
Apartment Block			
Other Types or			

8.4 Is there any other information which may relate to the affordability of the proposed housing, or the type of housing needs served by the proposed plan amendment?

Yes No. If Yes, explain in Section 9.1 or attach on a separate page.

9. OTHER INFORMATION

9.1 Is there is any other information that may be useful to the Ministry in reviewing this official plan or plan amendment (e.g. efforts made to resolve outstanding objections or concerns)? If so, explain below or attach on a separate page.

Please see Planning Report

10. Affidavit or Sworn Declaration for the Prescribed Information

(Note: The Deponent or Declarant must be the clerk, commissioner or director of the planning of the municipality or the secretary-treasurer of the planning board or other employee designated by resolution.)

I, Kent Randall of the City of Peterborough

in the County of Peterborough make oath and say (or solemnly declare) that the information contained in this form and the accompanying material (including that prescribed by the Ontario Regulation for Official Plans and Plan Amendments) is true.

Sworn (or declared) before me

at the Township of Selwyn

in the County of Peterborough

this _____ day of July 2013

Commissioner of Oaths

Agent

APPENDIX A - Sewage Disposal and Water Supply

Service Type	Potential Information/Reports
Sewage Disposal	a) Public piped sewage system Municipality should confirm that capacity will be available to service the development at the time of lot creation or re-zoning.
	b) Public or private communal septic systems Communal systems for the development of more than 5 lots/units : servicing options statement ¹ , hydrogeological report ² , and indication whether a public body is willing to own and operate the system ³ . Communal systems for the development of 5 or less lots/units and generating less than 4500 litres per day effluent : hydrogeological report ² .
	c) Individual septic system(s) Individual septic systems for the development of more than 5 lots/units : servicing options statement ¹ and hydrogeological report ² . Individual septic systems for the development of 5 or less lots/units and generating less than 4500 litres per day effluent : hydrogeological report ² .
	d) Other To be described by the applicant.
Water Supply	a) Public piped water system Municipality should confirm that capacity will be available to service the development at the time of lot creation or re-zoning.
	b) Public or private communal well(s) Communal well systems for the development of more than 5 lots/units : servicing options statement ¹ , hydrogeological report ² and indication whether a public body is willing to own and operate the system ³ . Communal well systems for non-residential development where water will be used for human consumption : hydrogeological report ² .
	d) Individual well(s) Individual wells for the development of more than 5 lots/units : servicing options statement ¹ and hydrogeological report ² . Individual wells for non-residential development where water will be used for human consumption : hydrogeological report ² .
	e) Communal surface water Approval of a "water taking permit" under Section 34 of the Ontario Water Resources Act is necessary for this type of servicing.
	f) Individual surface water Servicing options report.
	g) Other To be described by applicant.

Notes:

1. Confirmation that the municipality concurs with the servicing options statement will facilitate the review of the amendment.
2. Before undertaking a hydrogeological report, consult MMAH about the type of hydrogeological assessment that expected given the nature and location of the official plan amendment.
3. Where communal services are proposed (water and/or sewage), these services must be owned by the municipality.

APPENDIX B - Storm Drainage, Road Access and Water Access

Service Type	Potential Information/Reports
Storm Drainage a) Sewers <hr/> b) Ditches or swales <hr/> c) Other	A preliminary stormwater management report is recommended, and should be prepared concurrent with any hydrogeological reports for submission with the amendment. A storm water management plan will be needed prior to final approval of a plan of subdivision or as a requirement of site plan approval.
Road Access a) Provincial highway <hr/> b) Municipal or other public road maintained all year <hr/> c) Municipal road maintained seasonally <hr/> d) Right of way	Application for an access permit should be made concurrent with this amendment. An access permit is required from MTO before any development can occur. <hr/> Detailed road alignment and access will be confirmed when the development application is made. <hr/> Subdivision or condominium development is not usually permitted on seasonally maintained roads. <hr/> Access by right of ways on private roads are not usually permitted, except as part of condominium.
Water Access	Information from the owner of the docking facility on the capacity to accommodate the proposed amendment will assist the review.
